Subject: DR HOCTOR MENTAL EVALUATIONS ICO DET MANNING SR/POI
Attachments: Dr Hoctor POI - SR REVIEWS ICO DET MANNING.pdf

Per my last email,

I request that we keep close hold until we can discuss in a meeting. I've had the opportunity to review all of Dr. Hoctor's evaluations of Det. Manning since confinement. His evaluations are not consistent and appears to be on both sides of the water to cover his six in the case of...

Attached are all of the SR/POI reviews written by Capt Hocter. They are in chronological order from oldest to newest. If you look at his comments and the boxes that are checked, they show great contradiction at times.

If you look at the boxes that are checked from week to week, they go back and forth randomly. These are serious trends that causes a Red Flag in my profession. I am unwilling to make any recommendation in reducing his custody or status.

At this time, SND will remain in his present status of Prevention of Injury.

I request a meeting to discuss recommendations and the way ahead with the Commanding Officer as I am now concern with the mental evaluation Det. Manning is currently receiving.

NOTE: Dr. Hoctor will be deploying in approximately one month.

Respectfully,
