Bureau letter or any alternative installation as suggested by the Laboratory; requests that the Laboratory advise Philadelphia if they should forward ~~altered~~ telephone in this matter; and requests that the Laboratory consider sending personnel to Philadelphia for installation or to forward details explaining this type of installation. As previously explained, this location is a known meeting place of ANGELO BRUNO and his associates. The installation, as proposed in re let, would be under pretext which would afford full security. If security at time of installation is not adequate no installation will be made. Installation will necessitate trespass. The type of unit being proposed by the Laboratory in re let is not known to the Philadelphia Division.

If authorization is obtained, Philadelphia will forward appropriate FD-142.
