Subject: PSYCHOTHERAPY FOR MANNING
Signed By: (b)(6) [redacted]

Good Morning. I spoke to Col Malone and he informed me that Dr. Yeaw who is a forensic psychologist with corrections experience, will start seeing detainee Manning on Tuesday 12 April. She lives in Silver Spring Maryland and travels a lot but is willing to come down weekly as her schedule allows. Dr. Yeaw is looking forward to coming down. Since she will be working with him on the personality issues, it will be a while before we see change so we should not expect results right away. How fast he builds a relationship with her is key since he took a long time to develop a good rapport with Col Malone. On the flip side of that, he established rapport with Lt. Col Russell immediately so there is no telling how things will go with Dr. Yeaw. I will do an in-brief with her when she comes on Tuesday so she understands our protocol here. Thanks.
