Subject: Update From Miriam Nisbet on Ballistics
Body: Nisbet returned my call today regarding the status of the ballistics matter. She told me that the relevant parties at the Archives were to have met last week for a "big summit" on the issue. One of the important parties relative to the discussion was sick and the meeting was canceled. They are now trying to reschedule the meeting for this Friday, April 25 or next Tuesday, April 29. She said that she would call me with an update by the end of next week. Fogel had also called her this week for an update.
