Subject: NSA
Body: A variety of NSA issues:1. The December presentation of NSA issues needs to be well organized. If you need help, ask me.2. I would like to see the FBI referrals when they return and any additional documents which will be presented at the Dec. meeting no later than Thursday of next week (Dec. 11). 3. As I have mentioned before, I would like to see a draft of any letters you are sending to other agencies on referral matters or other matters before the letter goes out. I will return draft letters to you the same day if at all possible. If you tell me there is a draft letter in my box, I will get it back to you almost immediately. 4. Have you returned the three documents from the last meeting to NSA yet? Do you plan a trip out there? If you are calling a courrier or going out there, it would be good to have NSA-4 ready at the same time. 5. Do you want to develop or have you already drafted a rough draft of NSA-4? I may have something to add after my meeting at IP on Thursday. If you haven't started a draft, would you review the correspondence to see if you have any additional questions to ask. I have some suggestions from my review of the correspondence. 6. I am still waiting for the list of RIF's and the status of every document NSA has given to us or sent to NARA. On November 18th, Lee offered to send their list to us for comparison. Do we have their list? Do the two lists match? Have we identified and cleared up any discrepancies? On November 14th, you said this would all be cleared up and ready by Dec. 1.
