(CNN) -- Al Qaeda has launched this week what it is calling its first English language online magazine, a move that could be seen as a way to recruit more American-born terrorists.

The magazine was posted on radical Islamist websites Tuesday, said Maryland-based SITE Intelligence Group, an organization that tracks terror groups.

The launch of the magazine, called "Inspire", though did not go smoothly as only three pages of what was billed as a 67-page magazine appeared online. A fourth page was unsuccessfully posted on websites and showed nothing but garbled images.

A table of contents of the magazine listed an article called "Make a Bomb in the Kitchen of Your Mom."

The magazine also promised to have an article written by fugitive American-born cleric Anwar al-Awlaki.

Awlaki has recently been linked to the failed attempted Chistmas Day bombing of a plane bound for Detroit, Michigan.

The director of the National Counterterrorism Center said this week that the U.S. government believes Awlaki had "a direct operational role" in the bombing attempt.

CNN's Saad Abedine contributed to this report.

I'm a muslim and I'm proud to let you know all that Islam is a peaceful religion. These extremist idiots have taken and driven the religion in the direction which I feel sorry for. For instance, the text "sacrafice for God" is mentioned in Quran many times HOWEVER it has different meanings and clearly not what these so called "God lovers" have interpreted. An educated, broad, open, humble minded would definately interpret it to messages such as if you give away a portion of your money to some needy poor family, it's regarded as sacraficing... if you stay awake all night taking care of your old parents leaving all your entertainment stuff aside for the night, it's called sacraficing, if you're praying to God all night rather than watching a movoe or anything wordly, it's called sacraficing.. In Quran it's NOWHERE written to make people accept Islam forcefully or to kill them if they don't abide by your so called customs and rules. Infact The Quran clearly states that people who do not believe should be left alone to be judged by the God. Infact The Quran clearly tells the Prophet Mohammed to argue with people courteously For instance I'll quote something from Quran here " Invite (mankind, O Muhammad) to the Way of your Lord (i e. Islâm) with wisdom (i.e. with the Divine Inspiration and the Qur'ân) and fair preaching. and argue with them in a way that is better Truly, your Lord knows best who has gone astray from His Path, and He is the Best Aware of those who are guided. And if you punish (your enemy, O you believers in the Oneness of Allâh), then punish them with the like of that with which you were afflicted. But if you endure patiently, verily, it is better for As-Sâbirin (the patient ones, etc.) "
The above translation of a few verses of Noble Quran states pretty much everything like "fair" preaching, "fair" revenge and the best part "patience". These so called muslims are just abusing the religion name for their own good. I do NOT consider them muslims. Also just to enhance your knowledge, there is no concept of "72" virgins in heaven for the suicide bombers. Yes it's true that a person who does good in the world will be provided with a lot of rewards in the heaven (hereafter) that we all believe in including Christians and Jews. The reward includes a garden of flowing stream, fresh fruits AND ever lasting "legal" companions/wives who have never been touched by any man or any other creation before So the screwed up mind may take it as yeah go die and kill innocent people in the name of Allah and be blessed with virgin"S" as if the hereafter is not a perfect place but a brothel. I request you guys to please be mindful of the facts and lets blame these
