We have information about on Saudi Airline flight which arrived on 09/10/2001 in the course of normal business. This flight was stranded at Newark International in New Jersey along with all other commercial flights at the time. As of 09/13/2001, the flight was still stranded. Investigation was conducted, which included record checks and interviews of the 26 crew and 92 passengers. This flight departed after the flight restrictions were lifted.

In addition to Saudis we identified a UAE 747 which departed from Lexington, KY on 09/15/2001 that contained no Saudis. We have included this information because the *Vanity Fair* article includes a reference to a 747. No children were on board this flight.

Are you saying that the "Security Officials" listed on the flight manifest in question have been identified? If so, I would not want to pursue this further with St. Louis or Kansas City. I'll discuss further next time I'm down.

i don't think all the leads to contact Ryan are about 411. as i was going through ACS, i seem to recall seeing a few other cases involving Ryan, but can't remember what they were off the top of my head.

anyway, other than determining who the other security people on the flight were (we know the 1 who started in LA, and then 3 who got on in Boston--i think those 3 were the only ones who flew on the international legs of the flight, but i don't know for sure), i don't think there's anything else we need from Ryan on this issue.

FYI, I queried St. Louis JTTF re Ryan International Flight 441, which originated in St. Louis. Specifically, I asked about identities of four security officials listed on flight manifest. St. Louis advised that Ryan is headquartered in Wichita, Kansas; and that review of information at St. Louis indicates that Kansas City Division had approximately 11 leads to contact Ryan International Airlines (NFI).

Pursuant to my original query, St. Louis thereafter set lead to Kansas City, but I have not heard back.

Are either of you knowledgeable of the previously set 11 leads at Kansas City? I did not want to duplicate any efforts in an attempt to identify these four security personnel.

Review of information at St. Louis indicates that the Kansas City Division had approximately 11 leads to contact Ryan International Airlines which is headquartered in Wichita, Kansas.

The only record at St. Louis was the receipt of information from [REDACTED] FAA Security, [REDACTED] (Kansas City Division), that Ryan International had a private charter scheduled to go from Los Angeles to Geneva on 9/19/2001. "The flight has 24 Saudi Arabians aboard and '11 of them belong to Bin Laden". This information was faxed to Los Angeles by St. Louis.

Unless i hear something different from you, I will have someone contact the local office of Ryan International Airlines regarding this matter, but probably all records will be maintained in Wichita, Kansas, at this time.

Hope this helps. [REDACTED]

Reference our telcall, the unit to which I'm assigned has been tasked to obtain specific information concerning Ryan International Flight 441, which originated in St. Louis.

The context for this tasking is an October 2003 Vanity Fair magazine article which concerns wealthy Saudi Arabians, including members of the [REDACTED] family, being whisked out of the U.S. on private jets shortly after 9/11.

b6

According to information we have developed, one of the flights originated in St. Louis.

On 9/19/2001, Ryan International Airlines, flight number 441, was contracted by the Saudi Embassy to make several stops in the U.S. to pick up various Saudi students for expeditious departure from the United States.

The flight originated in St. Louis and made stops in Los Angeles, Orlando, WDC, and Boston before departing the U.S.

Specifically the flight departed Lambert International, St. Louis, MO on 9/18/2001 at 11:00 a.m. and arrived Los Angeles (LAX), CA on 9/18/01 at 12:30 p.m.

There were 23 passengers, mostly [REDACTED] family members, all of whom are identified on the

The flight manifest, however, also lists four security officials, identified as follows: LAX Security, Security 1, Security 2 and Security 3.

EAD Larry Mefford, who is briefing certain members of Congress concerning this article, requested we identify, via lead to St. Louis, the identities of these security officials, and interview them if possible. (It is possible, of course, that these security officials have previously been identified and interviewed.)

I have copies of the manifests. The first is a master list of 69 persons (staying at the Four Seasons hotel) provided to us with passports on 09/18/01. The second is a list of 50 that departed on 09/19/01. The third a list of 18 that departed on 09/20/01. The fourth a list of 34 (staying at the Bellagio hotel) that departed on 09/24/01. All passports were photocopied and names checked against watch lists. All also [REDACTED] I say baloney to any inference we red-carpeted any of this entourage. Reference our telcall, the unit to which I'm assigned has been tasked to obtain specific information concerning Ryan International Flight 441, which originated in St. Louis.

The context for this tasking is an October 2003 Vanity Fair magazine article which concerns wealthy Saudi Arabians, including members of the [redacted] being whisked out of the U.S. on private jets shortly after 9/11.

According to information we have developed, one of the flights originated in St. Louis.

On 9/19/2001, Ryan International Airlines, flight number 441, was contracted by the Saudi Embassy to make several stops in the U.S. to pick up various Saudi students for expeditious departure from the United States.

The flight originated in St. Louis and made stops in Los Angeles, Orlando, WDC, and Boston before departing the U.S.

Specifically the flight departed Lambert International, St. Louis, MO on 9/18/2001 at 11:00 a.m. and arrived Los Angeles (LAX), CA on 9/18/01 at 12:30 p.m.

There were 23 passengers, mostly [redacted] members, all of whom are identified on the flight manifest. (We have a copy of the manifest.)

The flight manifest, however, also lists four security officials, identified as follows: LAX Security, Security 1, Security 2 and Security 3.

EAD Larry Mefford, who is briefing certain members of Congress concerning this article, requested we identify, via lead to St. Louis, the identities of these security officials, and interview them if possible. (It is possible, of course, that these security officials have previously been identified and interviewed.)

In coordination with Penttbom, we will send you a formal EC setting forth lead(s).

b6

[redacted]

Thank you for the guidance re the Saudi flights post-9/11. Clearly, this is an issue that has been extensively researched.

We are still working with DOJ to determine the most appropriate response to Sen. Schumer's request for the flight manifests. Our inclination is to withhold the manifests and/or passenger lists on the basis of the pending Penttbomb investigation, as well as the privacy interests of the passengers. Nevertheless, this begs the question of whether the manifests/passenger lists are relevant to the pending investigation (or whether we consider this a topic that has been fully explored).

Any input you can provide as to whether there is an active investigative interest in the manifests/passenger lists would be helpful.

We may have to prepare talking points for the Director (not about the flights, but about our unwillingness to release the documents) in the event Sen. Schumer calls him personally to complain.

Though none of us are fans of repetitive briefings, we may try to appease Sen. Schumer by offering the same briefing that was provided to Sen. Feinstein and Sen. Kyl in September. So, you may want to alert potential briefers about this possibility. I understand that Larry Mefford, assisted by [redacted] provided the briefing to Feinstein and Kyl.

I'll advise you once I've heard from DOJ and Sen. Schumer's staff.

(U//LES) We also assess that no persons received FBI approval to depart the US without being determined to be of no investigative interest to the PENTTBOM investigation. Further investigation has not suggested that any of the individuals given approval to depart the US later became persons of investigative interest in the PENTTBOM investigation.

(U//LES) Although the FBI took all possible steps to prevent any individuals who were involved in or had knowledge of the 09/11/2001 attacks from leaving the US before they could be interviewed, it is not possible to state conclusively that no such individuals left the US without FBI knowledge. Upon the lifting of flight restrictions on 09/14/2001, any individual with a valid passport and sufficient funds to purchase flight tickets or charter an aircraft could leave the US. (U//LES) Flights Departing the US Carrying Saudi Subjects Immediately After 09/11/2001

An insert from Lexington dated 09/17/2001 indicates that Lexington Police officers hired as private security also reported that [redacted] flew from Florida. This would be significant because such a flight on 09/13/2001 would have been in violation of the Federal Aviation Administration's (FAA) flight ban. (265A-NY-280350-LS serial 42)

In addition, Lexington Airport Police have confirmed that no planes landed at Lexington Airport until FAA had lifted the flight restriction.

FBI Executive Summary
Response to October 2003 *Vanity Fair* Article,
"Saving the Saudis"

(U//LES) The article in *Vanity Fair* alleges a group of Saudi royals traveled by air from Tampa, Florida to Lexington, Kentucky on September 13, 2001, prior to FAA authorization for these types of flights. It also alleges that a chartered flight left the United States (US) with several members of the Binladen family without investigation by the FBI. Both of these allegations are false. There are many other inaccuracies contained within the article.

(U//LES) The FBI conducted investigations prior to the departure of six chartered flights, hired by Saudis wishing to return to Saudi Arabia. None of these flights violated FAA restrictions. The investigations identified 141 passengers aboard these flights. As air traffic recovered, numerous Saudis departed aboard commercial as well as other chartered flights.

(U//LES) In reference to the six flights, the FBI and other law enforcement agencies conducted interviews, database checks and security sweeps prior to allowing any of the flights to depart the US. Before departure, all passengers' identities were confirmed and compared against watch lists. Investigators verified that there were no unauthorized passengers aboard any flights, and swept the aircraft and luggage for prohibited items. Further investigation was conducted following departure where it was determined to be necessary. No information of investigative value was learned from the interviews or following the departure of these individuals.

(S//NF,OC) On September 20, 2003, several members of the [redacted] and their staff departed the United States on Ryan Air flight #441. One of the passengers [redacted] had [redacted]

b1
b3
b6
b7C

(U//LES) Investigation of the other passengers yielded no information pertinent to the attacks of September 11, 2001, or the investigation of Osama Bin Laden. None of the [redacted] members on this flight had [redacted]. All of the passengers were either half-siblings or the children of half-siblings of [redacted]. None of the individuals aboard were suspected of having ties to terrorist organizations.

b6
b7C
b7F

(U//LES) A chartered flight departed from Lexington, Kentucky on September 16, 2001 with fourteen passengers. Four members of the party, to include [redacted] of Prince Ahmed Bin Salman Bin Abdulaziz, arrived in Lexington from Tampa by car. These four individuals had disobeyed the Prince by traveling by car, instead of by jet as the Prince had instructed them. Hired security personnel, who have been quoted in the article and in interviews with the FBI, have perpetuated the cover story that the four had flown from Tampa by consistently stating there was a charter flight into Lexington. No flights arrived or departed from Lexington on September 13, 2001. In addition, one of the members of the private protection detail has confidentially told FBI agents in Lexington the truth about how the four arrived in Lexington.

b6

- In Saudi Arabia, UBL's father became a construction magnate, completing prestigious projects such as the renovation of the holy mosques in Mecca and Medina. As a result, the Binladens are a highly respected family both within the Saudi royal household and with the public.

- Some cite that he is the youngest of some 20 sons,² while others claim he is the seventh son.³
- The total number of his siblings might be 50,⁴ 52,⁵ or 54.⁶ In an interview, UBL seemed unsure as well, citing that he had 25 brothers—although he could remember the names of only 20.⁷
- Nearly all of these siblings are half-brothers or half-sisters, as UBL's father had multiple wives. UBL's [redacted] is cited as having only one son.⁸

(U//FOUO) The [redacted] family has denounced [redacted] repeatedly.

b6
b7C

- In 1994, the [redacted] family issued a statement expressing its "regret, denunciation and condemnation of all acts that [redacted] may have committed, which we do not condone and we reject."⁹
