

The probative value of those portions of the testimony and evidence ruled admissible as aggravation evidence under RCM 1001(b)(4) is not substantially outweighed by the danger of unfair prejudice under MRE 403. The Court has applied MRE 403 to each of the objections and limited the scope of the testimony to matters directly related to or resulting from PFC Manning's offenses and not otherwise speculative or unduly prejudicial.

So **ORDERED** this 13<sup>th</sup> day of August 2013.
