[REDACTED]

FOIA No. 2013-032

Dear Mr. Greenewald:

This letter responds to your recent Freedom of Information Act (FOIA) request received by the Federal Communications Commission (FCC or Commission) and assigned to the Consumer & Governmental Affairs (CGB) and Enforcement (EB) bureaus by the Commission's FOIA Office on October 22, 2012. Your request seeks complaints about the CBS television show "Person of Interest" filed since January 2012.

CGB conducted a search of the databases containing informal complaints and identified nine complaints responsive to your request. Copies of the complaints are enclosed. The Enforcement Bureau found no other documents responsive to your request.

All personal identifying information relating to the individuals who submitted or are named in the enclosed complaints or inquiries has been redacted based on Exemption 6 of FOIA, which permits agencies not to disclose files that would clearly invade personal privacy.¹ Some FCC employee names have also been redacted based on Exemption 2 of FOIA, which permits agencies not to disclose internal personnel rules and practices.²

The FCC receives many complaints and comments that do not involve violations of the Communications Act or any FCC rule or order. Thus, a complaint or comment does not necessarily indicate any wrongdoing by any individuals or entities named in the complaint or comment.

FOIA and FCC rules require the FCC to charge requesters for time spent searching for and reviewing responsive documents, and for copying them.³ Based on your classification as a representative of the news media, you are responsible only for the payment of duplication costs beyond the first 100 pages. Because preparing the response falls within these guidelines, the FCC is not charging you for processing it.

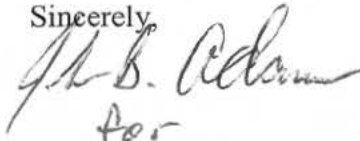

¹ 5 U.S.C. § 552 (b)(6); *see also* 47 C.F.R. § 0.457(f).

² 5 U.S.C. § 552(b)(2); *see also* 47 C.F.R. § 0.457(b).

³ 5 U.S.C. § 552(a)(4)(A)(i); 47 C.F.R. § 0.470.

If you think this response denies your FOIA request, you may file an application for review of this decision with the FCC's Office of the General Counsel within 30 days.⁴ Both the application and envelope containing it must be marked "Review of Freedom of Information Action" and the application should refer to FOIA Control No. 2013-032.

Sincerely,

for

Nancy Stevenson
Deputy Chief
Consumer Policy Division
Consumer & Governmental Affairs Bureau

Problem Description

In the program Police Detective Carter is being questioned. statement: by letting this guy run you have created a problem for the whole department. Detective Carter responds I did not let the guy run I have been trying to catch "THE SON OF A BITCH". This is not the first time profanity has been use in this program. Every episode the profanity gets worse. Please do something to clean up the airwaves. I honestly believe that if primetime was viewed from 6 PM to 10 PM on any of the networks CBS, ABC or NBC the only time you wouldn't be subject to profanity or offensive material would be during the commericals. PLEASE PLEASE clean up the airwaves. Levy some fines and reduce the national debt. Thank you.

Problem Description

Dear Sir

Last evening March 8, 2012 at 9:00 PM I was watching my favorite program, Person of Interest. On this program they had the most disgusting thing I have ever seen. They had two men kissing, and it was ever bit as sickening to me as a woman with her boobs out is to another woman.

This crap is nothing more than the Homosexuals trying to shove their life style down everyone throat. This program is watched by a number of young people and they should not be forced to watch this trash on public television.

It is apparent that the homosexuals are using the TV, and the movies, to further their cause and I want it stopped.

This has happened several times. The latest time was with last night's program "Person of Interest." The description of the show on Dish said it was a new episode and first aired 3/2/2012. It was episode 9. That was false. It was a repeat of an earlier show. Next Thursday's show is episode 17. How do networks get away with this deception? I'd like to know if they are breaking any FCC rules. My name is [redacted], phone [redacted] email address is [redacted] reply would be appreciate.

Comments	<p>don't know if I'm contacting the proper 'company' regarding my complaint but here goes: its seems pretty recent but what's been happening during several of our most popular shows HAWAII 50, PERSON OF INTEREST etc. they have been playing music during the talking parts which is almost impossible to hear what is being said. It used to be during action parts etc they would play music but why (in Gods name) would they need to play music during speaking parts? It's become so annoying we just change the station. thank you for your cooperation. [REDACTED] bb</p>

Comments	<p>about 10pm july 19 the signal from insight for channel 5 in louisville ky blacked out. signal was from a rochester cbs station being used [perhaps illegally as there has been local information that the rochester cbs affiliate was being used by insight without compensation or agreement] blacked out several times over the span of 15 minutes or so. when the signal finally stabilized, the local wkly cbs affiliate was the station providing the signal.</p> <p>no information for this outage was transmitted from 10:01 till the transfer was done. after contacting the local insight customer service, the representative had no knowledge of the switchover. she stated there was no plan to rebroadcast the program content. this action prevented a contiguous broadcast of the program "person of interest". please accept this complaint and please seek to prevent future outages like this, or at least have the operator rebroadcasts the episode or make other remuneration available. thank you</p>

Comments	<p>Person of Interest (& all others that I watch) Closed captioning starts to lag behind dialog, up until 3-5 sentences have been spoken, then the captioning skips ahead to catch up, missing what's been said. This is very frustrating for someone hard of hearing like myself. I don't know if it's the network or the TV station that has the problem. It is not the satellite provider, since we previously had Dish Network, and had the same problem. The only resolution I would like is that the closed captioning meet the same standards as on other networks, notably USA & TNT, two of the best.</p>
