Bapbomb code name investigation of bombing of 16th St. Baptist Church.

NOTE: If next radio contact missed, send plain text urgent teletype.

Request coordinated with Laboratory. Birmingham previously requested authority to give polygraph to [REDACTED] who is the son-in-law of a former Klansman and who has made numerous statements indicating hate for Negro. Authority was denied 1/14/63 inasmuch as Birmingham advised [REDACTED] had been [REDACTED] and it was extremely doubtful that positive results could be obtained. At that time, Birmingham was advised unless compelling reason exists, polygraph should not be afforded. Current developments have indicated [REDACTED] believed to be person blackmailing suspect Robert Chambliss, Klansman, apparently because of Chambliss' knowledge of this case and Birmingham believes [REDACTED] is key to solution of Bapbomb. SA [REDACTED] of LR completely familiar with aspects of this investigation having administered a number of previous examinations in it since 9/63. In view of current evaluation of request, appears authority should be granted. [REDACTED] diagnosis not based on complete/psychiatric examination.

Memorandum to Mr. Rosen  
Re: UNSUBS; BOMBING OF 16TH STREET  
BAPTIST CHURCH, BIRMINGHAM

150  
[REDACTED]  
[REDACTED] We have, of course, been continuing to press this investigation vigorously in an effort to obtain evidence upon which prosecution of the suspect klan group may be based and it is the opinion of the SAC, Birmingham that [REDACTED] like many of the suspects in this case, is continually seeing FBI Agents where none exist, perhaps prompted by the pangs of conscience.

151  
[REDACTED] In addition to the fact that the monitoring point for the [REDACTED] microphone surveillance was [REDACTED] away from the [REDACTED] residence, it is noted that it was occupied for only one shift of eight hours. On the second evening the installation was accidentally discovered by the telephone repairman and upon learning of the discovery the Agent and all technical equipment were removed from the monitoring point.

ACTION:

Although [REDACTED] as yet reportedly has not entered any suit against the phone company, Birmingham has been instructed to follow this situation closely and keep the Bureau advised of any pertinent developments.

Re summary tel 9/21/64 and BUairtel 9-22-64.

Former SA [redacted] who resigned effective September 11, 1964, handled most contacts with suspect [redacted]. In pursuing inquiries regarding possible dissemination of excessive information to suspects it was determined that members of the Bapbomb Squad, including [redacted] carried photographs of all bombing suspects. These photographs are used as a method of identification when person being interviewed cannot identify an individual by name. This technique was successfully used in persuading [redacted] to identify [redacted] as a member of the [redacted].

[redacted] in an interview by [redacted] on 8-3-64, further identified [redacted]. It is believed that the church bombing was planned by this second and more select group. [redacted]

This technique has proven somewhat successful in recent weeks in interviews with [redacted] and ROBERT E. CHAMBLISS. [redacted]

[REDACTED] further demonstrate the effectiveness of the technique. It is hoped that when tensions become severe enough statements will be obtained from those less involved than the actual perpetrators.

In caption investigation, as well as other investigations in the Birmingham Division, Agents have been specifically instructed to be most careful in interviewing suspects not to divulge any unnecessary information to the person being interviewed. This has been reiterated to insure that all Agents are fully aware of the fact that interviews are for the purpose of obtaining information rather than furnishing information.

The possibility of furnishing local authorities with the details of the 12-25-56 bombing of Reverend FRED SHUTTLESWORTH's house, together with various other past bombings, will be evaluated when investigation regarding these past bombings is completed.

"JUNE"

ReBulet dated 4-24-64, captioned "RACIAL BOMBING MATTERS, BIRMINGHAM DIVISION," under JUNE correspondence.

Referenced letter directed that this office set up a squad of eight Agents to devote exclusive time to the investigation of bombings in the Birmingham Division during 1963. The letter further directs this investigation toward the installation of misurs on primary targets named in the letter. The Bureau is aware that due to unavoidable circumstances the technical installations which had been installed were located by these prime suspects and further efforts in this field of the investigation were logically discontinued.

Another direction of the investigation set forth in Bulet was to endeavor to improve the live informant coverage of the suspects and possibly future action groups. This is being made the primary objective of the current investigation, i.e., the development of live racial informants who can provide information on past bombings and make the Bureau aware of possible future action.

In addition to this course of the investigation, it is believed reasonable to reinterview some of the suspects when it is deemed advisable. It is believed this holds some promise of productivity inasmuch as there has been dissension among some of the suspects.

Information developed by the live informants, now producing, requires some investigative time to verify or refute information received.

This is to advise that one of the Agents assigned to the Bapbomb Squad, [redacted] resigned effective 9-11-64. It is not believed necessary to replace him on the Bapbomb Squad, which would reduce the squad to seven Agents. When the squad of eight men was originally

formed the primary objective, as mentioned above, was to install several misurs, which would thereafter be monitored by four members of the eight-man squad. Since this phase of the investigation has been terminated, at least temporarily and our present emphasis is on live informant coverage, it is believed that seven men can adequately handle the duties of the squad. Another factor to be considered is that during the period the squad has been in existence, many leads have been covered, numerous individuals interviewed, and other investigation conducted, which limits to a certain extent the amount of remaining investigation to be handled.

UACB the Bapbomb squad will operate with seven members rather than eight in the future.

Atlanta. You should look into his whereabouts during the pertinent periods of all the bombings being investigated in the Birmingham area. Although the information known about the prime suspects would indicate that they would not deal with ██████████ because of his race, you should check with racial informants and sources for the purpose of determining whether ██████████ is known to have had any association with Klan or hate group members. Information as to the check with informants and sources should be reported in LHM form, while the other investigation concerning ██████████ should be set forth in regular report form.

K7 CID

NOTE: On the basis of review of file, it appears ██████████ was given a thorough check by the original special squad at Birmingham during the September, October, 1963, period. Discrepancies in his story prompted Agents to afford a polygraph examination. ██████████ was actually in a position to have been involved in this matter as a witness and it appears that a further check should be made of his background and that a check should be made with informants to insure he is completely eliminated.

APPENDIX

FREEDOMWAYS ASSOCIATES, INCORPORATED

The records of the New York Secretary of State, Albany, New York, show that the certificate of incorporation of Freedomways Associates, Incorporated, was filed on March 2, 1961.

The Spring, 1964, issue of "Freedomways" is self-described as "A Quarterly Review of the Negro Freedom Movement" published by Freedomways Associates, Incorporated, 799 Broadway, New York City.

On May 24, 1961, a source advised that a report was given on "Freedomways" at a meeting of the National Board, Communist Party, USA (CPUSA), held on May 24, 1961. It was stated that the original plan called for the publication to be openly Marxist, but that it was later decided it would not be avowedly a Marxist publication. Editorials are in the hands of a mixed group of Marxists and non-Marxists. It was stated that the central purpose of "Freedomways" is to develop a theory and positive criticism of currents in the Negro movement, as well as to raise the level of understanding and discussion taking place in Negro life today and to project a socialist and pro-Soviet orientation.

On May 25, 1961, another source advised that "Freedomways" was set up for the CPUSA by JAMES JACKSON, a member of the National Committee of the CPUSA.

## Lingo sees arrest soon in wiretaps

BY BUD GORDON  
News staff writer

MONTGOMERY, Aug. 15  
— Alabama Public Safety  
Director Al Lingo said Sat-  
urday the state expects to  
make an early arrest in its  
recently launched "wire-  
tap" investigation.

Although he declined to elab-  
orate, Col. Lingo said state in-  
vestigators "have a prime sus-  
pect," and almost enough evi-  
dence to make an arrest.

Lingo said the investigation  
was launched about a month  
ago, when an electronic "tele-  
phone bug" was found on the  
office phone of Miss Sybil Pool,  
member of the Alabama Public  
Service Commission.

SINCE THEN, he said, two  
other "bugs" have been lo-  
cated—both in private homes  
in Birmingham. More details  
about the telephone bugs may  
be found elsewhere in today's  
News in a full report dealing  
with wiretapping.

The latest tap found was dis-  
covered in the home of a North  
Birmingham citizen last Thurs-  
day, according to Lingo. The  
"bug," a small electronic de-  
vice capable of transmitting a  
telephone conversation several  
blocks, was discovered behind  
a wall baseboard.

Lingo would not disclose the  
names of the Birmingham citi-  
zens whose phones were tapped  
for fear of hindering the in-  
vestigation.

"It looks like people don't  
have any privacy anymore,"  
Lingo said. "We are going to  
get to the bottom of this thing  
if it takes every investigator we  
have."

Lingo declined to say whether  
there is any connection between  
the three wiretaps. He said the  
investigators have a "new lead"  
in the case which may lead to  
an arrest within the next few  
days.

Under Alabama law, wiretap-  
ping or interfering with a tele-  
phone message is a misde-  
meanor punishable by a \$500  
fine or six months in jail, or  
both.

## Lingo sees— arrest soon in wiretaps

BY BUD GORDON  
News staff writer

MONTGOMERY, Aug. 15  
— Alabama Public Safety  
Director Al Lingo said Sat-  
urday the state expects to  
make an early arrest in its  
recently launched "wire-  
tap" investigation.

Although he declined to elab-  
orate, Col. Lingo said state in-  
vestigators "have a prime sus-  
pect," and almost enough evi-  
dence to make an arrest.

Lingo said the investigation  
was launched about a month  
ago, when an electronic "tele-  
phone bug" was found on the  
office phone of Miss Sybil Pool,  
member of the Alabama Public  
Service Commission.

SINCE THEN, he said, two  
other "bugs" have been lo-  
cated—both in private homes  
in Birmingham. More details  
about the telephone bugs may  
be found elsewhere in today's  
News in a full report dealing  
with wiretapping.

The latest tap found was dis-  
covered in the home of a North  
Birmingham citizen last Thurs-  
day, according to Lingo. The  
"bug," a small electronic de-  
vice capable of transmitting a  
telephone conversation several  
blocks, was discovered behind  
a wall baseboard.

Lingo would not disclose the  
names of the Birmingham citi-  
zens whose phones were tapped  
for fear of hindering the inves-  
tigation.

"It looks like people don't  
have any privacy anymore,"  
Lingo said. "We are going to  
get to the bottom of this thing  
if it takes every investigator we  
have."

Lingo declined to say whether  
there is any connection between  
the three wiretaps. He said the  
investigators have a "new lead"  
in the case which may lead to  
an arrest within the next few  
days.

Under Alabama law, wiretap-  
ping or interfering with a tele-  
phone message is a misde-  
meanor punishable by a \$500  
fine or six months in jail or  
both.

# Wiretappers busy, Wallace tells Center Point audience

BY JOE CAMPBELL

News staff writer

Gov. George C. Wallace told a crowd estimated at 7,000 in Center Point Saturday night that "there's no telling how many telephones have been tapped in Jefferson County and elsewhere in Alabama."

He said State Public Safety Director Al Lingo informed him just before his speech that four telephones had been found tapped thus far in Jefferson County.

Without indicating who the wiretappers might be, Wallace said "We know the Justice Department spends \$20 million a year on wire-tapping equipment."

WALLACE, WHO said the state is not tapping telephones, declared, "We believe people ought to have the right of privacy protected."

Wallace's speech climaxed the three-day "Center Point Days" trade promotion sponsored by Center Point Chamber of Commerce.

He crowned the winner of the "Miss Center Point" title, Pam Torck, 14, daughter of Mr. and Mrs. H. T. Torck. Winner of second place in the contest was Pat Hubbard. Geneva Liner placed third.

Wallace told the enthusiastic gathering, "There will be a junior college in your area by September of next year."

He said he will attempt to get the special session of the Legislature to appropriate more funds for the junior college so as to build a school twice the size as originally planned.

Wallace said the larger school

would be needed because a large enrollment is anticipated.

Touching on his presidential primary campaigns in Wisconsin, Indiana and Maryland, Wallace said people throughout the nation are beginning to awaken to the trends which are taking away individual rights.

"In your lifetime," he said,

"there has never been a national convention, by either party, which has been concerned about the South."

BUT, HE SAID, "they know now that the way the people of the South vote in this election will determine who the President will be."

Attacking the Civil Rights Act, Wallace said the measure

has taken over every city, state and county government in the nation, labor unions and businesses.

Wallace said his reply to liberals who say "If you are

not going to conform you will not get industry" is that last year Alabama gained \$344 million in new and expanded industry and is still gaining it this year.

The governor said he had talked with 100 top industrial leaders throughout the nation. "Not one of them said he was in favor of the civil rights bill," he declared.
