This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. S 552. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed.

I prefer electronic delivery of the requested material either via email to john@greenewald.com or via CD-ROM or DVD via postal mail. Please contact me should this FOIA request should incur a charge.

I respectfully request a copy of all documents, electronic or otherwise, that pertain to or mention: John George Trump. He was a recipient of U.S. President Ronald Reagan's National Medal of Science, and a member of the National Academy of Engineering. Trump was noted for developing rotational radiation therapy. According to his obituary, as published by the NY Times, and archived at:
<http://www.nytimes.com/1985/02/26/us/john-trump-dies-engineer-was-78.html>

Dr. John G. Trump, a retired teacher and engineer, died Thursday at his home in Cambridge, Mass., after a long illness. He was 78 years old.

To be clear, I am requesting copies of the above files and I am also requesting you to search your automated, manual, ELSUR, National Name Check Program (NNCP), and "June Mail" indices for any other records that may pertain to my subject and thus be responsive to my request, and this includes a search of all field offices..

Also, I would like to make sure that files in FBI field offices are also searched for responsive records.

Thank you so much for your time, and I am very much looking forward to your response.

Dear Mr Greenewald

This is in response to your Freedom of Information Act (FOIA) request

Records which may have been responsive to your request were destroyed. Since this material could not be reviewed, it is not known if it was responsive to your request. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA) Title 44 United States Code, Section 3301 and Title 36, Code of Federal Regulations, Chapter 12, Sub-chapter B, Part 1228. The FBI Records Retention Plan and Disposition Schedules have been approved by the United States District Court for the District of Columbia and are monitored by NARA.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U S C § 552(c) (2006 & Supp IV (2010)). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do or do not exist.

FBI FACT SHEET

- **The primary functions of the FBI are national security and law enforcement.**
- **The FBI does not keep a file on every citizen of the United States.**
- **The FBI was not established until 1908 and we have very few records prior to the 1920s.**
- **FBI files generally contain reports** of FBI investigations of a wide range of matters, including counterterrorism, counter-intelligence, cyber crime, public corruption, civil rights organized crime, white collar crime, major thefts, violent crime, and applicants
- **The FBI does not issue clearances or non-clearances for anyone other than its own personnel or persons having access to FBI facilities.** Background investigations for security clearances are conducted by many different Government agencies. Persons who received a clearance while in the military or employed with some other government agency should contact that entity. Most government agencies have websites which are accessible on the internet which have their contact information
- **A criminal history summary check or “rap sheet” is NOT the same as an “FBI file.”** It is a listing of information taken from fingerprint cards and related documents submitted to the FBI in connection with arrests, federal employment, naturalization or military service. The subject of a “rap sheet” may obtain a copy by submitting a written request to FBI, Criminal Justice Information Services (CJIS) Division, Record Request, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306. Along with a specific written request, the individual must submit a new full set of his/her fingerprints in order to locate the record, establish positive identification, and ensure that an individual’s records are not disseminated to an unauthorized person. The fingerprint submission must include the subject’s name, date and place of birth. There is a required fee of \$18 for this service, which must be submitted by money order or certified check made payable to the Treasury of the United States. A credit card payment option is also available. Forms for this option and additional directions may be obtained by accessing the FBI Web site at www.fbi.gov/about-us/cjis/background-checks/background_checks
- **The National Name Check Program (NNCP)** conducts a search of the FBI’s Universal Index (UNI) to identify any information contained in FBI records that may be associated with an individual and provides the results of that search to a requesting federal, state or local agency. Names are searched in a multitude of combinations and phonetic spellings to ensure all records are located. The NNCP also searches for both “main” and “cross reference” files. A main file is an entry that carries the name corresponding to the subject of a file, while a cross reference is merely a mention of an individual contained in a file. The results from a search of this magnitude can result in several “hits” and “idents” on an individual. In each instance where UNI has identified a name variation or reference, information must be reviewed to determine if it is applicable to the individual in question
- **The Record/Information Dissemination Section (RIDS)** searches for records and provides copies of FBI files responsive to Freedom of Information or Privacy Act (FOIPA) requests for information. RIDS provides responsive documents to requesters seeking “reasonably described information.” For a FOIPA search, the subject’s name, event, activity, or business is searched to determine whether there is an associated investigative file. This is called a “main file search” and differs from the NNCP search
