NATIONAL SECURITY AGENCY  
CENTRAL SECURITY SERVICE  
FORT GEORGE G. MEADE, MARYLAND 20755-6000

FOIA Case: 84684A  
19 September 2017

JOHN GREENEWALD  
27305 W LIVE OAK RD  
CASTAIC CA 91384

Dear Mr. Greenewald:

This is our final response to your Freedom of Information Act (FOIA) request dated 14 June 2016 for "...a copy of the Icurrent Intellipedia home page, and a copy of the index page for all Intellipedia categories." A copy of your request is enclosed. As stated in our original response letter, dated 14 June 2016, we interpreted the first part of the request as for the main page from all three levels of Intellipedia. In that letter, also we informed you that your request was assigned Case Number 84684. As a reminder, we also informed you that the second part of your request is a duplicate of an earlier request you submitted which was assigned Case Number 79149. Therefore, we are only addressing the first part of your request with this response. For purposes of this request and based on the information you provided in your letter, you are considered an "all other" requester. As such, you are allowed 2 hours of search and the duplication of 100 pages at no cost. There are no assessable fees for this request. Your request has been processed under the provisions of the FOIA.

For your information, NSA provides a service of common concern for the Intelligence Community (IC) by serving as the executive agent for Intelink. As such, NSA provides technical services that enable users to access and share information with peers and stakeholders across the IC and DoD. Intellipedia pages are living documents that may be originated by any user organization, and any user organization may contribute to or edit pages after their origination. Intellipedia pages should not be considered the final, coordinated position of the IC on any particular subject. The views and opinions of authors do not necessarily state or reflect those of the U.S. Government.

We conducted a search of all three levels of Intellipedia for the requested material, and located three documents (12 pages) that are responsive to your

request. These documents are enclosed. Certain information, however, has been deleted from the enclosures.

Some of the information deleted from the documents was found to be currently and properly classified in accordance with Executive Order 13526. This information meets the criteria for classification as set forth in Subparagraph (c) of Section 1.4 and remains classified SECRET as provided in Section 1.2 of the Executive Order. The information is classified because its disclosure could reasonably be expected to cause serious damage to the national security.

This Agency is authorized by statute to protect certain information concerning its activities (in this case, internal URLs) as well as the names of its employees. Such information is exempt from disclosure pursuant to the third exemption of the FOIA, which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 3605). We have determined that such information exists in this record, and we have excised it accordingly.

In addition, personal information regarding individuals has been deleted from the enclosures in accordance with 5 U.S.C. 552 (b)(6). This exemption protects from disclosure information that would constitute a clearly unwarranted invasion of personal privacy. In balancing the public interest for the information you request against the privacy interests involved, we have determined that the privacy interests sufficiently satisfy the requirements for the application of the (b)(6) exemption.

Since these deletions may be construed as a partial denial of your request, you are hereby advised of this Agency's appeal procedures. You may appeal this decision. If you decide to appeal, you should do so in the manner outlined below.

- The appeal must be in sent via U.S. postal mail, fax, or electronic delivery (e-mail) and addressed to:

NSA/CSS FOIA/PA Appeal Authority (P132)  
National Security Agency  
9800 Savage Road STE 6932  
Fort George G. Meade, MD 20755-6932

The facsimile number is (443)479-3612.

The appropriate email address to submit an appeal is FOIARSC@nsa.gov.

- It must be postmarked or delivered electronically no later than 90 calendar days from the date of this letter. Decisions appealed after 90 days will not be addressed.
- Please include the case number provided above.
- Please describe with sufficient detail why you believe the denial was unwarranted.
- NSA will endeavor to respond within 20 working days of receiving your appeal, absent any unusual circumstances.

For further assistance and to discuss any aspect of your request, you may contact our FOIA Public Liaison at [foialo@nsa.gov](mailto:foialo@nsa.gov). You may also contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. OGIS contact information is: Office of Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, MD 20740-6001; e-mail: [ogis@nara.gov](mailto:ogis@nara.gov); main: 202-741-5770; toll free: 1-877-684-6448; or fax: 202-741-5769.

Sincerely,

  
*for*

JOHN R. CHAPMAN  
Chief, FOIA/PA Office  
NSA Initial Denial Authority

The 2016 Intelligence Community Innovation Conference is scheduled 6-7 July 2016 at NGA's NCE campus in Springfield, VA. This year's conference theme is "Mainstreaming Innovation – Moving from Heroics to Habit". The conference will bring together innovators from NGA, other IC, DoD and federal agencies, and industry. The focus is to share innovations already adopted, discuss new ways to find, acquire, and adopt new or existing innovative solutions, and discuss the ways and methods used to incorporate the innovations or new solutions in the organization. The goal is open communications to initiate open innovation and collaboration within the National System for Geospatial-Intelligence (NSG).
