Reference is made to your memorandum dated 13 August 1957, requesting advice whether there is any security objection to the employment of Subject persons on unclassified basis on Project JPRS.

This is to advise that a check of OS indices fails to develop any information which would preclude employment of the Subject persons on unclassified work on Project JPRS at this time.

A final reply will be sent to your office upon the completion of National Agency checks which are currently in process.
