1.	C/SAG	9 Mar 78	BP		<p>This entire matter can get pretty involved. WILCOTT is or has alleged that while in [redacted] he was told that OSWALD was a [redacted] station agent. WILCOTT security file does not reflect such information or allegation, but does reflect that Wilcott was a problem case. The HSCA interest in WILCOTT is now obvious but it would appear that OS can limit action to providing file names, last address etc. to names B-22 on request previously forwarded to you.
