MEMORANDUM FOR:

 IMD

FROM:

John S. Carver, HRG/CSI/O-DCI

SUBJECT:

Transfer of a fuller version of the Pre-Assassination Oswald 201 File (HRP 92-5) to NARA

(N.B.: This submission will be designated HRP 92-5/1A.)

The following are inputs for Form 258 on this updated submission from CIA's Historical Review Program:

For 1 (Type of Action),m enter "B", scheduled records.

For 5A (Description of Records), please enter the following:

"On 11 May 1992, CIA delivered to NARA a small 124-page package which included originals of many of the documents and redacted copies of the others which constituted the entire collection of documents held by CIA in its 201 File on Lee Harvey Oswald as of 23 November 1963. (In CIA's first submission of copies of the contents of this pre-assassination file to the Warren Commission in early 1964, CIA was not yet ready to release in full its own documents and, therefore, replaced them with a memorandum summarizing them but protecting sources and methods.) We are now transferring an updated version which differs from our May 1992 submission in four ways: All of the third-agency documents which were lightly sanitized in the May version are hereby released in full; all of the Agency documents are hereby released in much less redacted form; the summary memorandum submitted to the Warren Commission (but composed in early 1964) is hereby released in full; and the original file folder is hereby released in full."

For 5B, enter "one inch."

For 5C, we judge that the Privacy Act does not apply to the sanitized or declassified parts of these records which we are turning over, insofar as CIA equities are concerned.

For 5D, there are no restrictions on this submission, and any CIA equities contained herein are released.

For 5D, this submission is a part of Records Schedule No. 40-76, Part B, Item 1.c(1).

We hereby certify that every document which will be transferred to NARA in the package cited has been released in full or in part with the full agreement of the DO/IRO, whose equities are involved. This procedure has been conducted in conformity with HR 70-14. Copies of all CIA-originated documents herein, both released and denied, will be retained in HRG.
