Subject : Transfer of JFK Documents to NARA

1. Within the next 2-3 weeks Historical Review Group (HRG) will be ready to transfer to the Center for Legislative Archives (NARA) the HSCA material from the Agency's JFK Assassination Collection. These records are considered Congressional records and are being transferred to NARA for review, not for release to the public. (The Center for Legislative Archives is the agent of Congress for the review of HSCA JFK Assassination records).

2. Description of Records:

- 45 gray archival boxes and 9 record center boxes containing approximately 25,000 pages. The records are memos, documents, drafts, notes, cards, etc., created by the House Select Committee on Assassination or HSCA staffers during the course of their 1977-1979 investigation into the assassination of John F Kennedy. Most of these records were based on CIA files and were incorporated into the Agency's JFK Collection at the end of the investigation.
- The records include CLASSIFIED full text originals and unclassified sanitized versions of the documents. Boxes containing classified documents are marked SECRET.
