FINAL DOCUMENT SEARCH TO ASSURE COMPLIANCE WITH "PRESIDENT JOHN F. KENNEDY ASSASSINATION RECORDS COLLECTION ACT OF 1992" (JFK ACT)

FROM: George J. Tenet
Director of Central Intelligence

1. (U) As you know, the JFK Assassination Records Review Board (Board) is completing its task of overseeing the search and declassification of all Federal government records relating to the assassination of President John F. Kennedy by 30 September 1998. The Board and we want to do everything possible to place before the American people the full story as reflected in government and other records.
2. (U) The Agency has been working on this effort since 1992 and has searched all of the obvious databases. We want to make certain that we have left no stone unturned and that no employee has any records that might possibly be considered relevant to the assassination—including any records created [or received] after 1992. The reference to 1992 is largely intended to encompass documents which may have come into our hands since the collapse of the Soviet Union and Warsaw Pact.
3. (AIUO) In accordance with the provisions of the JFK Act, I hereby direct all CIA personnel to consider documents in their possession or with which they are familiar that might have relevance to the Board's review and that might not have been found in the course of electronic or manual searches over the past six years. Representatives of the Historical Review Program believe that if such documents do exist they would, most likely, be found in files that would not be generally related to the assassination or that would not be "logical" areas for systematic searches. These include working paper files or smaller databases related to countries not normally associated with the assassination. Relevant documents can be in the form of papers, photographs, recordings, tapes, or other media, and can include documents "related to the assassination," such as later investigations, key topics/events within the Oswald/JFK Story, or material related to key figures—such as Nosenko.

4. (AIUO) CIA personnel who believe they have information regarding documents relevant to the JFK review that may not have been found in previous searches should contact their component or directorate IRO or the JFK Project Coordinator. Directorate IROs and the Agency's JFK Project Coordinator are as follows:
