Page 3

will be presented to the Board at its January meeting. Accordingly, these materials must be ready for the Review Board staff by January 12, 1998.

CIA-2 through CIA-5.

These requests have been completed and no further action is needed by CIA.

****CIA-6 Cables and Dispatches.**

The Review Board first made this request on September 11, 1995. On September 11, 1995, CIA agreed to make these materials available by December 1995. On October 1, 1996, CIA agreed to make these materials available by November 1996. Most recently, CIA has stated that these cables are not available as a chronological group; if it is not possible or is unduly burdensome to retrieve these cables, CIA should write a memorandum to that effect.

We are aware that many of the cables requested are already in the JFK files, but not all are included. Those that we have not been able to locate in the collection include: Mexico City Station to Headquarters (September 26-30, 1963); Headquarters to Mexico City Station (September 26-30, 1963); JMWAVE to Headquarters (September 26-November 21, 1963); Headquarters to JMWAVE (September 26-November 21, 1963); and all traffic between the Mexico City Station and JMWAVE for the periods September 26-October 20, 1963 and November 22-December 30, 1963.

CIA-7 Histories.

The Review Board first requested access to several internal CIA histories and to indices of histories on November 8, 1995. On August 8, 1996, after reviewing a list of histories that CIA provided, the ARRB staff designated approximately sixty histories for which further review was sought. To date, the ARRB staff has reviewed twelve histories that CIA has made available and has made suggestions with respect to further processing of some of those histories. The ARRB staff appreciates the cooperation it has received from HRG in our review of the histories. CIA should continue to make the remaining histories available on a continuing basis in consultation with the ARRB.

RE: ARRB Additional Information Request No. CIA-3

Dear John:

In addition to our request of May 30, 1995 (ARRB Additional Information Request No. CIA-2), we would greatly appreciate it if in preparation for our June 7 Board Meeting you could help us to identify the individuals on the attached list, including what these individuals were doing for CIA in 1963-64, as well as what they are now doing and where they are presently located. We would also appreciate it if you would identify which of these are true names and which are pseudonyms.

As always, please do not hesitate to contact me or Jeremy Gunn for any clarification regarding these requests.

With many thanks for your cooperation.

Sincerely yours,

David G. Marwell
Executive Director
