Re: Status of CIA Responses to Assassination Records Review Board's Requests for
 Additional Information and Records

Dear John:

I am writing to follow-up on our telephone call earlier today and to convey my serious concern about the status of CIA's responses to the Review Board's requests for additional information and records. Although CIA has completed its responses to several requests, and many others have been answered in part, a significant number of requests have not been answered — including some that were made more than two years ago. On many occasions we have been assured that responses would be forthcoming, only to have promised dates come and go without answers. It is now extremely important that these requests be answered promptly so that we may conduct a proper follow-up if necessary. The issues that we can now identify as being of the highest priority are identified in the text below by double asterisks (**)¹ and we request that they be answered within the next month. We request that the remaining requests be answered by April 1, 1998.

The remainder of this letter is divided into two parts: first, a listing of the formal requests for information and records, and second, a listing of the informal requests for information and records. Please let me know if your understanding of any of the following points differs from ours so that we can resolve any potential discrepancies.

¹As identified more fully below, the issues are: CIA-1 Organizational Material, CIA-6 Cables and Dispatches, CIA-13 Backchannel Communications, CIA-IR-03 HTLINGUAL Documents, CIA-IR-04 Disposition of Angleton Files, CIA-IR-07 Claude Barnes Capehart, CIA-IR-15 Electronic "take" from Mexico City, CIA-IR-21 DRE Monthly Operational Reports, CIA-IR-22 "A" Files on Clay Shaw and Jim Garrison.

request. Once the formal statement documenting this search and its results is provided, this request will be complete.

CIA-IR-27 Security Files for Five Individuals.

The ARRB staff has reviewed Office of Security files for Richard Case Nagel, Gordon Novel, Jack Ruby, Harold Weisburg, and Walter Sheridan. The entire files for Gordon Novel, Jack Ruby, and Richard Case Nagel have been designated assassination records. Portions of the files for Harold Weisberg and Walter Sheridan will be designated assassination records. The Novel, Ruby, and Nagel files should be sent to HRG for processing. The Weisberg and Sheridan files should be sent to HRG for ARRB review.

CIA-IR-28 McCone Files.

In August 1997, the ARRB staff reviewed an index for the files of former DCI John McCone and identified some files to be reviewed for assassination records. A meeting should be set up to examine these files.

CIA-IR-29 Oswald Lewinter.

In November 1997, CIA provided a preliminary oral response to whether it has files on Mr. Oswald Lewinter. CIA should document its findings in writing. Once formal documentation of the completed searches has been provided, the request is complete.

CIA-IR-30 Cherepanov Papers.

In the fall of 1963, Paul Garbler, Chief of Station Moscow, copied a series of KGB papers from the American Department of the KGB's Second Directorate which had arrived at the embassy from Aleksandr Cherepanov. The Review Board requests to review these papers.

CIA-IR-31 Dulles Calendar.

In testimony before the Church Committee on May 4, 1977, Richard Bissell made reference to the existence of a calendar for former DCI Allen Dulles which would reflect all of Dulles' meetings. The Review Board requests the Dulles calendar for January 1959 through his resignation as DCI on November 29, 1961.

SUBJECT: PRIORITY - CIA-IR-27 - ARRB Request for Security Files on 5 Individuals (DA/IRO No. 14)

Curt:

In response to CIA-IR-27, on 26 September 1997 OPS advised Barry Harrelson (JFK Project Officer) that security records are available for review by his office on the following individuals:

NAGELL, Richard C.
NOVEL, Gordon D.
RUBY, Jack L.
SHERIDAN, Walter J.
WEISBERG, Harold

Barry has just advised that the files on Nagell, Novel and Ruby have been identified as Assassination Records. Accordingly, they have requested that OPS transfer these files to DCI/CSI/HRG (J. Barry Harrelson) for inclusion in these records. Barry has further advised that a copy of the documents from each file would be acceptable if OPS prefers.

This is with respect to the files on Walter J. SHERIDAN and Harold WEISBERG. Barry has asked that arrangements be made for these files to be reviewed by the ARRB to determine which documents in each of these files are Assassination Records. In light of a short deadline, it is requested that the arrangements be made early in February. Once documents have been selected, Barry will need copies of those documents as well.

Please keep Becky and me posted with respect to these requests. Thanks in advance for your assistance. Frieda

MEMORANDUM FOR: Janet A. Ecklund
Chief, Information Management Branch
Office of Personnel Security

FROM: J. Barry Harrelson
Senior Reviewer

SUBJECT: Requested "Mission Statement" re
HRP/ARRB

1. This is in response to your request asking that HRP provide you with a "mission statement" concerning HRP and its relationship to the Assassination Records Review Board. It flows from the fact that the ARRB staff has declared the OPS files of Nagell, Novel and Ruby to "assassination records" and our subsequent request that the files or copies thereof be forwarded to HRP. Also, certain portions of the files of Walter Sheridan and Harold Weisberg have or will be declared assassination records.

2. The Historical Review Project (formerly the Historical Review Group, CSI, DCI) has among its several projects the responsibility to deal with the presidentially appointed Assassination Records Review Board and its legal mandate to find and transfer to the National Archives all U.S. Government records relating to the Assassination of President Kennedy. The authority of the ARRB is fairly broad and includes: the authority to designate files/documents "assassination records," to determine if a particular record or certain information within it must be released to the Archives or postponed until 2007, and, the power to issue subpoenas in the pursuit of its assigned activities.

3. In the instant case, the Board staff has designated the Nagell, Novel and Ruby security files assassination records. Copies of them must now be processed by HRP according to its current guidelines for release/protection of information and the files released to the Archives. With respect to the files on Sheridan and Weisberg, further review by the Board is necessary to designate which, if any, portions of them are assassination records.

4. I hope that the above fulfills your requirement in this matter and I look forward to receipt of the files.

Volume V, the missing volume was never found and the conclusion was that it either never existed and there was a numbering error or that the material from that volume was incorporated into the other volumes.

2. (AIUO) If we send copies of the files on Nagell, Novel and Ruby to J.
