Re: Status of CIA Responses to Assassination Records Review Board's Requests for  
 Additional Information and Records

Dear John:

I am writing to follow-up on our telephone call earlier today and to convey my serious concern about the status of CIA's responses to the Review Board's requests for additional information and records. Although CIA has completed its responses to several requests, and many others have been answered in part, a significant number of requests have not been answered — including some that were made more than two years ago. On many occasions we have been assured that responses would be forthcoming, only to have promised dates come and go without answers. It is now extremely important that these requests be answered promptly so that we may conduct a proper follow-up if necessary. The issues that we can now identify as being of the highest priority are identified in the text below by double asterisks (\*\*)<sup>1</sup> and we request that they be answered within the next month. We request that the remaining requests be answered by April 1, 1998.

The remainder of this letter is divided into two parts: first, a listing of the formal requests for information and records, and second, a listing of the informal requests for information and records. Please let me know if your understanding of any of the following points differs from ours so that we can resolve any potential discrepancies.

---

<sup>1</sup>As identified more fully below, the issues are: CIA-1 Organizational Material, CIA-6 Cables and Dispatches, CIA-13 Backchannel Communications, CIA-IR-03 HTLINGUAL Documents, CIA-IR-04 Disposition of Angleton Files, CIA-IR-07 Claude Barnes Capehart, CIA-IR-15 Electronic "take" from Mexico City, CIA-IR-21 DRE Monthly Operational Reports, CIA-IR-22 "A" Files on Clay Shaw and Jim Garrison.

request. Once the formal statement documenting this search and its results is provided, this request will be complete.

#### **CIA-IR-27 Security Files for Five Individuals.**

The ARRB staff has reviewed Office of Security files for Richard Case Nagel, Gordon Novel, Jack Ruby, Harold Weisburg, and Walter Sheridan. The entire files for Gordon Novel, Jack Ruby, and Richard Case Nagel have been designated assassination records. Portions of the files for Harold Weisberg and Walter Sheridan will be designated assassination records. The Novel, Ruby, and Nagel files should be sent to HRG for processing. The Weisberg and Sheridan files should be sent to HRG for ARRB review.

#### **CIA-IR-28 McCone Files.**

In August 1997, the ARRB staff reviewed an index for the files of former DCI John McCone and identified some files to be reviewed for assassination records. A meeting should be set up to examine these files.

#### **CIA-IR-29 Oswald Lewinter.**

In November 1997, CIA provided a preliminary oral response to whether it has files on Mr. Oswald Lewinter. CIA should document its findings in writing. Once formal documentation of the completed searches has been provided, the request is complete.

#### **CIA-IR-30 Cherepanov Papers.**

In the fall of 1963, Paul Garbler, Chief of Station Moscow, copied a series of KGB papers from the American Department of the KGB's Second Directorate which had arrived at the embassy from Aleksandr Cherepanov. The Review Board requests to review these papers.

#### **CIA-IR-31 Dulles Calendar.**

In testimony before the Church Committee on May 4, 1977, Richard Bissell made reference to the existence of a calendar for former DCI Allen Dulles which would reflect all of Dulles' meetings. The Review Board requests the Dulles calendar for January 1959 through his resignation as DCI on November 29, 1961.

**MEMORANDUM FOR:** Kathryn Dyer @ DCI

**FROM:** J. Barry Harrelson

**OFFICE:** CSI/HRG

**SUBJECT:** ARRB Request for DCI McCone's Files

**REFERENCE:**

Michelle Combs will be at IP Tuesday 19 August to review records and pending requests. What is the status of the ARRB request for DCI files? I have located Job number 80-B01285 A ( 10 boxes), "Files of Director John A. McCone, 1962-1965 in the History Staff. Do you personally plan to review the files before giving access? Normally we restrict access to sensitive files to Gunn and Michelle Combs. Files have to be reviewed in Agency offices and all notes are left with the Agency for review. When boxes contain both relevant and non-relevant folders, we usually give them access to the shelf list and they select the folders they want to review. How do you want to handle these files?

Barry

**SUBJECT:**

ARRB Request - Access to McCone's Files

**REFERENCE:**

David Robarge, History Staff, has reviewed the Shelf List for Job # 80B01285A (DCI McCone's Files). He identified 28 folders that fall into JFK assassination related time-frames and that potentially could contain assassination-related documents or information. I am faxing a copy of the shelf list with the folders marked. The request for access appears reasonable. If you approve, access will be limited to Jeremy Gunn and Michelle Combs and the review will take place at IP. Any notes taken or memos prepared will be reviewed for classification. Please advise if there are any additional restrictions to be placed on Jeremy's and Michelle's access to the files.

Thanks and again congratulations on your new job.

Barry
