MEMORANDUM FOR: Federal Bureau of Investigation

ATTENTION: Ken Neu, Supervisory Special Agent,
Criminal Investigative Division

FROM: Deputy Director for Operations ~~THH~~

SUBJECT: Belarusian ~~KGB~~'s Offer to Review Their File on
Lee Harvey ~~Oswald~~

During meetings with CIA officers on TDY to Minsk, Belarus, 15-18 October 1992, Chairman of the Belarusian KGB (BKGB) General Eduard Shirkovskiy expanded on his offer to us to review the BKGB's files on Lee Harvey Oswald, compiled in the early sixties when Oswald lived in Minsk. Our officers reminded Shirkovskiy that review of the file falls under FBI jurisdiction and that, due to political sensitivities in the United States about Oswald, CIA would prefer not to be directly involved in review of the file. We would, however, be willing to broker introductions between the BKGB and the FBI to facilitate review of the file.

Shirkovskiy noted that the BKGB would be willing to give the FBI copies of relevant portions of the file -- summaries of investigation results prepared at the time of Oswald's stay in Minsk -- but would not share operational information that would compromise their sources and methods. In addition, the BKGB would not surrender the original file but would permit an FBI team to travel to Minsk to inspect the original documents and verify their authenticity.

We are aware that the FBI was preparing to send a letter through State channels requesting permission to review the file

but, according to previous secure telecon, did not know to whom in the Belarusian government the letter should be passed. The message, which will be for the attention of Ambassador David Swartz, should be addressed to Stanislav Shushkevich, President and Chairman of the Supreme Soviet, for passage to the Supreme Soviet, to which the BKGB is directly accountable. General Shirkovskiy told our officers he would not allow access to the file without instructions from the Supreme Soviet. We encourage you to contact us for assistance and look forward to supporting your efforts to review the file.

Dear Miss Bowen:

1. The Historical Review Group for the Center for the Study of Intelligence in the Central Intelligence Agency is currently reviewing material on the Kennedy Assassination for release to the National Archives.

2. Attached are CIA documents containing FBI equities that we propose releasing to National Archives. We would appreciate your agency reviewing these documents to ensure that nothing sensitive or classified is released.

a. XAAZ 16996, dated 20 March 1964, is a 15-page document on Lee Harvey Oswald. Much of the material in this memorandum is drawn from FBI material. In June 1976 this memorandum was denied under FOIA; we now believe it should be reconsidered for release. This memorandum has attachments which include 17 pages of FBI reports and three pages of excerpts from OSWALD writings.

b. The following are CIA name traces on the following individuals which contain FBI equities:

Dean Adams Andrews, Jr. - 3 pages
Yuri V. Barsvkvov - 1 page -
Leslie Bradley - 1 page
Carlos Jose Bringuier - 1 page
David William Ferrie - 4 pages
Pascual Gongora - 1 page

Dear Miss Bowen:

1. The Historical Review Group of the Center for the Study of Intelligence in the Central Intelligence Agency is currently reviewing material on the Kennedy Assassination for release to the National Archives.

2. Attached are six CIA Document Transfer and Cross Reference sheets from the Lee Harvey Oswald file that contain information from FBI documents which we propose releasing to National Archives. We would appreciate the Bureau reviewing these Cross Reference Sheets to ensure that nothing sensitive or classified is released. We plan to deny material that is yellow highlighted.

3. For your information, when Bureau documents come into the CIA, they are given a DBA number. Unfortunately, these Cross Reference Sheets do not contain the actual FBI document number on them. In reviewing these Cross Reference Sheets we would appreciate a determination from the Bureau on whether it is necessary for CIA to forward to the Bureau in the future all Cross Reference Sheets which are based on FBI documents.

4. We appreciate your cooperation.

Sincerely, yours,

Kathleen M. Puchnick
