We don't have to do research and create a document for this requester. Is such a "list" in existence? I questioned Scott Breckinridge about it. He said that the IG Staff did not have a list, and he doubted whether CI Ops did. (FYI: D'Unger has requested Warren Commission documents from NARS. I have attached a copy of Mr Crooks' speed letter, which provides an informative and responsive answer to Mr. D'Unger. We should hold the line on the proper classification of the documents. This should then be extended to the list of documents, since the subject entries were deliberately made as informative as possible. Thus we cite exemptions (b)(1) (properly classified) and (b)(3) (sources and methods).
