c. (C) Information was located in Army files probably identifiable with the below mentioned persons as follows:

(1) William Burn - Ortega, aka William Burn, William Ortega, [417-12] Octubre Street, Hato Rey, San Juan, Puerto Rico. Data on Ortega is contained in United States Army Field Appraisal Detachment reports dated 28 May 1964, 8 June 1964 and 11 August 1964, subject Project Many (C). These reports were furnished to your office on 5 May 1976. No additional information on Ortega could be located in Army files.

(2) [Osvaldo Pino-Pino,] Dallas, Texas: Army files contain a controlled Source dossier on one [Osvaldo Pino y Pino,] born 22 April 1932 in Camaguey Province, Cuba, which contains substantially only this data:

(a) Date of Information (DOI) 5 April 1963: Present residence - Unknown, Dallas, Texas; Occupation last known: service station attendant in Houston, Texas; "Address of Employer: Tele: JA8-9621" (sic), Parole number: [A 12 912 449; [Pino y Pino] was relocated from Miami to Houston, Texas on 26 July 1962. He served his entire tour at Fort Benning, Georgia and he had no

assignments which would have authorized him access to information about any US operations directed against Cuba. In January 1964, two personal letters from Friesecke to the Assistant Chief of Staff, G4, 2d Infantry Division, Fort Benning, Georgia, were forwarded to the Assistant Chief of Staff for Intelligence, Department of the Army, for information. The contents of the letters showed Friesecke may have been associating with militant anti-Castro, Cuban elements in the United States and may have had unauthorized access to classified US Government information. The Army conducted no investigation into the circumstances of these letters and referred them to the FBI and CIA as a matter of possible counterintelligence or security interest to these agencies. FBI disposition of this matter is unknown. CIA advised they were not interested in the matter. Friesecke's file is available at OACSI, DAMI-DO, for review.

3. (U) Should the SENSELCOM decide to interview any of the persons identified in paragraph 2a, above, the Army requests to be allowed to have an observer present during the interviews. Also, the Army would want to review any part of testimony taken during the interviews if it is to be released beyond the SENSELCOM or to the public.

MEMORANDUM FOR: PRINCIPAL DEPUTY ASSISTANT SECRETARY OF DEFENSE
(INTELLIGENCE)

ATTENTION: LTC DONALD G. BENNETT

SUBJECT: Release of Information to SENSELCOM (U)--INFORMATION MEMORANDUM

1. (U) Reference is made to Principal Deputy Latimer's memorandum of 11 May 1976 to the Secretary of the Army concerning subject.

2. (U) This memorandum responds to requirements in referenced memorandum and the attachment thereto, a letter from the SENSELCOM, dated 10 May 1976, requesting access to the Army's dossier on one Owen Darnell, born in 1908 in Colorado.

a. (C) Army intelligence has file holdings, a source control dossier, on one Owen Johnson Darnell, born 27 June 1921, at Cripple Creek, Colorado, who is probably identifiable with the Owen Darnell about whom SENSELCOM is seeking information.

b. (C) In summary, these Army intelligence file holdings are as follows: As of April 1962, Darnell was in contact with Army intelligence as a "possible informant" (sic) regarding shipping data on Cuba. At that time, he was Chief of Operations for the Lykes Line Agency, a shipping company. At that time, Darnell apparently resided at Cervantes No. 11, Apt 1, Condado, Santurce, Puerto Rico. As of June 1962, Darnell was termed a "confidential informant" of Army intelligence and was being traced at the Inter-agency Source Registry as a possible "source or spotter" (type of source used to identify persons of possible operational interests to Army intelligence). Information on Darnell's formal recruitment is lacking. File holdings indicate that Darnell remained in contact with Army intelligence until at least 18 November 1964, which is the date of the last recorded contact with him by Army intelligence. On 15 September 1966, Darnell was terminated as a source without prejudice because he had lost access.
