q# 1 list 4/8/64

1. Deptel 534 para 9 referred only to those MAP and CAS supported airborne ranger units under Tung's command and situated in or near Saigon. Support will no longer be provided such units unless they are placed under JCS control and committed to field operations.

"Furthermore, MACV and CAS should urgently consider whether it is wise and feasible to transfer to MACV wholly or in part certain CAS activities: combat intelligence teams and operations into south Laos and North Viet-Nam."

"Such recommended or possible transfers from CAS responsibility would result in the loss of some CAS liaison connections in high military circles. Hopefully, this slack could be taken up by U.S. military advisors."

3. With regard to items one through eight of ref. request, the following actions be taken: (payments to these units can be continued unless specifically noted to contrary as in G. and H. below).

A. Transfer of support to mountain scouts to MACV has been approved and should proceed.

B. Transfer of support to border surveillance personnel to MACV has been approved and should proceed.

C. Joint CAS/MACV review should be undertaken to recommend to Ambassador whether support/in-combat intel teams should be continued by CAS, transferred to MACV or otherwise disposed of.
