boats are maintained to the rear of the DIAZ residence and are presently being spot checked on a daily basis, further efforts to interview DIAZ at this time would interfere with this coverage.

Regarding Lead #4, inquiry in the vicinity of the Standard Oil Station at 4420 N.W. 7th Avenue reflects this station is operated by Cubans and that almost all business is with Cuban exiles. In an effort to obtain some coverage on this station on the possibility that the SNFE is obtaining gasoline there, Mr. RAY STAMPER, owner of the Amoco Station on the opposite corner, has been contacted as a source in this regard. STAMPER is most cooperative, anti-Cuban, and stated he will immediately contact the office when he observes large amounts of gasoline being purchased from this station. STAMPER said that on several occasions in the past he had observed as many as six 55-gallon drums being loaded and transported from the station during the course of one day by individuals whom he considered to be Cubans. No direct contact will be made with the proprietor of the Standard Station at this time.

Regarding the information furnished by CIA concerning alleged surveillance by FBI, it is to be noted that the only surveillance conducted by Miami has been the spot check of SNFE boats. Mention by RAMON QUESADA of the bank account of SNFE indicates that CARLOS ARBOLEYA, cashier at the Boulevard Bank, advised SNFE of our inquiry. It is noted ARBOLEYA is a Cuban friend of VECIANA.

On June 19, 1963, MM T-1, another Government agency which conducts personnel and intelligence investigations made available information to the effect that representative of the cuban exile organization Movimiento Revolucionario del Pueblo (MRP), had confided in a private conversation during mid-May, 1963, that the alliance between the MRP and the SNFE and Alpha 66 was engaged in raising funds for a major operation called "Plan Omega".

| did not have the details of this plan but said | It would be a bigger operation than a single attack on Soviet personnel or installations in Cuba and that the launching of the plan depended on the success of the fund raising campaign.

He said that the "military" wings of this alliance, the SNFE and Alpha 66, had announced their intention of keeping 90% of their collected money in military equipment and operations, and had called on the other organizations with which they were in close contact to do the same. These groups included the 30th of November, the Montecristi, an unnamed formerly anti-BATISTA organization, and the Anti-Communist Front of Liberation.

He said that this alliance's headquarters in Miami had circularized all of their representatives requesting that fund raising schemes be organized. This circular quoted the sum of \$136.00 for a cannon shell and \$2.00 per day to maintain a man at one of the alliance's four bases. SEHWERERT said these bases were in the Caribbean, so on United States soil, and had no telephone communication with Miami.

SEHWERERT, In stating that news of attacks on Cuba would be released from Caracas, as opposed to Miami
