SECRET

The subject has been identified as an intelligence officer of the Political Branch, KGB. NY 3653-S* identified the subject on 9/10/62, [as an employee of the Political Branch KGB, NY Residency. NY 3812-S* similarly identified the subject on 1/21/67. In addition, NY 3549-S* advised on 2/23/62, that the subject is a member of the KGB. Also, YURI A. RASTVOROV, former Soviet intelligence officer, on 2/24/55, identified the subject by photograph only as possibly an MVD officer, he had seen in Moscow during the period 1943-1950.

Information developed when the subject has traveled outside the NYC area (Philadelphia, New Orleans, Memphis and Kansas City) indicates the subject is interested in visiting various art museums and exhibits. On (2/8/69, in Philadelphia, he visited the Barnes Art Foundation, Merion, Pennsylvania, and the Johnson Art Collection at the Philadelphia Museum of Art. In New Orleans on (3/22/69, he observed paintings and statues in Jackson Square for approximately 45 minutes, taking numerous photographs. In Memphis, on (3/23/69, he visited Brooks Memorial Art Gallery. In Kansas City, on 4/13/69, he visited the Truman Home and the Truman Library at Independence, Missouri, and the Nelson Art Gallery. Information developed through CSNY [4134] has determined the subject is an avid photographer, often photographing art items in museums. He frequents Alkit Camera Shops, Incorporated, where he issued checks on 3/13/69 (\$23.87); 3/24/69 (\$16.47); 3/27/69 (\$12.50); and 4/8/69 (\$44.07).

According to [NY 3993-S*] the subject continues [S] his [usual UN] routine which consists of predicably late arrivals, long absences from his office, numerous visitors of all kinds and no great output of [UN] work (see enclosed EHM). (S) (u)

NY [105-48250] (S)(u)

CIA advised that its sources have reported that the subject, upon his return to the US, was as affable as ever, noting that during his [initial tour] in the US he was outgoing and gregarious. However, these sources possibly detected indications that the subject was not especially pleased with his current [assignment] and probably would have preferred an [assignment] as [an Ambassador]. In late September, 1968, the subject stated to a foreign national that he was "very displeased" concerning the deterioration [in relations between the USSR and the US] and added he might try to [return to Moscow] before the end of [his tour] as his [continued presence at the UN] "would not serve any useful purpose." The subject has also stated he did not enjoy life in the US, adding that his father and his mother-in-law were sick, his daughter was in school [in Moscow] and he and his wife were lonely in NY (S)(u) (see enclosed LHM).

Transportation Used

✓ The subject owns a [1968 Pontiac Firebird] with NY license [YZ-376]. He garages this auto overnight at the UN garage as he resides only a few blocks from the UNSEC. He invariably walks to and from work, frequently uses his auto when visiting the SMUN and again during the evening if he goes out with his wife. (S)(u)

Efforts to locate a [gasoline credit account] for the subject have determined he possesses [credit card #] 313 917 888 [7] with the [Humble Oil and Refining] Company. This [account] will be [monitored monthly]. Also, Philadelphia and Kansas City have been requested to review the subject's [account number 831 473 407 3] with the [Mobil Oil] Company for any activity. (S)(u)

The following [odometer readings] were obtained from [the subject's auto]: (S)(u)

SECRET

NY [105-48250] (S) (u)

Date	Day	Odometer	Distance
2/3/69	Monday	2964	344
2/18/69	Tuesday	3717	344
2/24/69	Monday	3872	155
3/4/69	Tuesday	4005	133
3/5/69	Wednesday	4042	37
3/10/69	Monday	4103	61
3/11/69	Tuesday	4105	2
3/15/69	Saturday	4154	49
3/17/69	Monday	4278	124
3/19/69	Wednesday	4391	113
3/26/69	Wednesday	4425	34
4/4/69	Friday	4539	114

Analysis of these readings reveal that the subject does not use his auto for extensive travel, other than when known to travel outside the NYC area to such relatively nearby areas as Philadelphia (2/7 - 9/69) and Princeton, New Jersey (3/18/69). It is also noted that these readings are obtained sporadically as the subject garages his auto at the UN overnight. However, efforts to obtain readings are continuously being made through NY 6359-S. (S)

(See enclosed LHM for info re subject's automobile registration).

Bank Account

The subject maintains a checking account with Chemical Bank New York Trust Company, UN Branch. This is a joint account with his wife, GALINA, and bears #015-263541. It is monitored monthly. The majority of the checks written by the subject are issued for rent, camera expenses, telephone, book clubs, musical records, and department stores. The subject issues checks to cash and usually range from \$10 to \$20. Exceptions to this practice were noted on 3/17/69 (\$200); 4/2/69 (\$700); and 4/7/69 (\$200). The subject also issues checks for transportation and hotels when traveling as follows:

The subject departed Kansas City for Denver via Union Pacific Railroad at 8:00 p.m. on (4/13) 69. While in Kansas City, coverage of the subject was afforded through established sources and fisurs. (See Albuquerque teletype dated (4/19) 69.) (S)(u)

These figures can be summarized as to the frequency (S) by day of the week when the subject visited the SMUN as (S) follows:

Day of the Week (S)	February (S)	March (S)	April (S)	Total (S)
Sunday	0	0	0	0
Monday	3	4	3	10
Tuesday	3	1	2	6
Wednesday	2	2	3	7
Thursday	1	2	2	5
Friday	1	1	0	2
Saturday	1	1	0	2

Analysis of the subject's visits reveals that in the three month period there were 10 occasions when he visited the SMUN more than once on a given date. On one occasion, 2/10/69, a blizzard had taken place in NYC, and many businesses were closed or limited. Several of the subject's multiple visits occurred on Mondays, notably 3/10, 3/31, 4/21 and 4/28/69. His multiple visits on 3/20/69 plausibly could be explained by the fact the subject departed for New Orleans and Memphis on 3/21/69. This same explanation could be valid for the subject's multiple visits on 4/10/69, the eve of his departure for Kansas City and Denver.

Associates

According to (NY 3993-S*) the subject's most frequent (S) Soviet visitors or associates are GELY A. DNEPROVSKI and NIKOLAI A. FOSHIN (see enclosed LHM) (S)(u)

Derelictions

SECRET

No overt derelictions by the subject have been reported or observed. As noted in the enclosed LHM, CIA sources have detected indications that the subject is not especially pleased with his current assignment. He has stated he does not enjoy life in the US, adding that his father and his mother-in-law were sick, his daughter was in school in Moscow and he and his wife were lonely in NY.

Significant Intelligence Activity, Observations and Analysis

CIA reported that during the period 7/22/68, through 12/31/68, subject gave no indication of having openly engaged in inactivity which could be specifically identified as "operational activity" on the part of a Soviet Intelligence Officer. However, it is indicated the subject has engaged in a sizeable amount of cultivation activity, with a wide range of foreign nationals, US officials and private citizens, and that on numerous occasions, he has sought to elicit information from US and foreign nationals regarding US affairs, notably concerning US foreign policy. Likewise, it is clear that on occasion the subject has used his official UN position to further the interests of the Soviet Union at the expense of the interests of other nations and the UN as a whole (see enclosed LHM).

While in Kansas City on 4/13/69, the subject and VICTOR C. STUDLEY, previously mentioned, engaged in conversation. The subject asked why the two senators from Missouri had voted against the ABM system since the production of such a system would have benefited some industries in Missouri (See Kansas City LHM dated 4/17/69.)

Investigative Steps Planned for next 90 days

Upon the subject's return to the US, the NYO will continue contact with NY 6359-S and NY 3993-S*, for additional information regarding the subject's activities, travels, and contacts. Where information has developed in these areas, appropriate investigation will be conducted to afford coverage to the subject's activities or to identify individuals with whom he has any contact. Other UN sources will be contacted regularly.
