CG 5824-S* on 9/23/59 advised that JAMES JACKSON, a member of the National Executive Committee of the CP, USA commented on 9/23/59 that he had given JOHN PITTMAN some material which JACKSON had prepared on the Negro Question. JACKSON commented that this material was for the CP of Czechoslovakia and that PITTMAN would write a foreword to the document.

By letter dated 10/15/59, the Legat, Paris, forwarded to the Bureau 97 photographs of material obtained from the Direction de la Surveillance du Territoire (DST), French domestic counterespionage service, on 10/14/59. The DST obtained these photographs from an anonymous source which had access to the baggage of the PITTMANS which was left in their Paris hotel room while they visited London. The photographs indicated the PITTMANS left behind in their baggage the following: (S)

- 1) A list of names on a 1957 book calendar.
- 2) A small address book with names and addresses primarily of individuals in the United States with a few scattered addresses abroad.
- 3) A small alphabetical address book containing names and addresses primarily in Europe with a few scattered addresses in the United States.
- 4) A large address book with calendars for years 1956 - 1958 (probably a 1957 list).
5. A press card to the Conference de Paris as a representative of "Chicago Defender". (S)
- 6) Correspondent's credentials issued to Subject, dated 7/25/46 - 7/25/47.
- 7) A 1946 correspondent's credentials to Subject to "The Chicago Defender".
- 8) A 1951 delegate's credentials as representative of Newspaper Guild, Local 3, New York.

- 9) A New York working press card as a representative of the "Daily Worker", which expired 12/31/52.
- 10) "People's World" credentials, dated 1/1 to 12/31/56.
- 11) "Daily Worker" credentials to United Nations valid to 8/12/55.
- 12) "Daily Worker" credentials to Japanese Peace Conference, San Francisco, dated September, 1951.
- 13) A reporter's pass issued by Associated Negro Press, Inc., official news service for 112 newspapers, which was good until 9/1/48. (S)
- 14) A press delegate's card to 6th National Conference of U.S. National Commission for UNESCO at San Francisco from 11/6 - 9/57.
- 15) A press card to sessions of UNCIO representing the "Daily People's World".

Subject also had a portion of a map of the Pittsburg, California, area with "X" marked on several portions. A survey of the area failed to reflect any significance to the markings on the map. (S)

The nature of the foregoing material, which was in the possession of the Subject, some of it dating back 14 years, indicates that Subject apparently is something of a "pack rat" and that he probably also accumulated the list of names over a long period of time and that they may have no particular significance at the present time.

In Bulet dated 12/30/59, the Bureau noted that many of the names contained in PITTMAN's effects in Paris were, or had been, Communist Party functionaries, and that this was to be expected and not of any particular significance since PITTMAN has had a long history of Communist activities and associations. The Bureau further pointed out in Bulet to the Legat, Paris, dated 12/23/59, that many names could not be checked completely because some of them were illegible and because there was a lack of sufficient identifying data concerning a number of others. Both these observations were (S)

borne out by the search of the San Francisco indices on all the names. (S)

In line with the suggestion of the Bureau in Bulet dated 12/30/59, in view of the existing circumstances, the primary purpose of the analysis of the San Francisco Office was to ascertain whether any of the contacts were with individuals concerning whom there is reason to suspect that there is some subversive connection other than their normal communist affiliation. The analysis along this line reflected that the great bulk of the contacts were obviously only fellow communist associations. The only names which might be identical with individuals who might have or have had some unusual connections were the following:

San Francisco files reflect that one KURT ADLER in 1944 was attempting to get into Army Intelligence with the Army of Occupation, and that he had met with many Russian prisoners of war who were drafted into the German Army when it occupied Soviet territory, according to ADLER's wife, FREYDA ADLER.
