The Black Vault

The image shows a close-up of a heavy, metallic vault door. The door is partially open, revealing a complex internal mechanism with multiple locking bolts and a central handle. A bright blue light emanates from the gap between the door and the frame, creating a strong glow and casting shadows on the surrounding metal. The overall aesthetic is industrial and mysterious.

SUMMARY FROM GERMAN

CONFIDENTIAL

Typewritten airmail letter (postmark illegible)
addressed to

Leipziger Messe
Presseabteilung
Leipzig, Germany
(Meaning: Leipzig Fair
Press Section)

from

Luis Kutner
Chairman of the Board
International Public
Relations Corporation
Bankers Building
105 West Adams Street
Chicago, Illinois

This letter was written in Chicago on September 13, 1963. The writer says that he has not seen any publicity for the Leipzig Fair in the American Press of the Middle West.

The writer says that thousands of business opportunities will get lost and thousands of potential visitors will be detained. He points out that in Chicago, Illinois, over 700,000 German-Americans live; among them, hundreds of thousands from Saxony and Thuringia who would like to visit their old homeland and the Leipzig Fair. The writer says that he is able to get reports pertaining to the Leipzig Fair and "other achievements in the German Democratic Republic" into the American and foreign-language press of the Middle West. He thinks that the addressee will be interested in placing announcements about the Leipzig Fair in the German-language newspapers in Chicago and Milwaukee.

"I have been engaged for many years in public relations work and was formerly a professor of law at Yale University and Consul General of Guatemala in Chicago. I can find in my work the support of numerous experienced persons and have the necessary social relations in order to make our cooperation an outstanding success."
