Details: (U) On 5/12/1997, the ARRB formally advised the FBI of the determinations voted by them on FBI documents at a meeting held 4/24/1997. The ARRB listed 108 documents for which they made determinations. The FBI does not have any appeal issues with the release of the material. However, the release of the information in these documents will reveal the identities of 31 individuals whom the documents described as Potential Criminal Informants (PCI), Potential Security Informants (PSI), Sources of Information (SOI), Confidential Sources (CS) and Panel Sources (PS). The ARRB decisions will also release what was previously classified foreign counterintelligence information.

(U) The documents concerning the decisions from the April 24 meeting are listed below by document number, with descriptions of the information to be released and protected.

Re: (U) 62-HQ-1029205, 06/12/1997

The status of informants and sources, if found through research, is noted after the name as Living (L), Deceased (D), Date of Birth (mm/dd/yy), or No Record (NR).

(U) The FBI provided written justifications presenting the evidence available to protect the individuals, singular information, and classified information related to sources and foreign relations as listed above. However, the ARRB supports the position that the information ordered disclosed is relevant and significant to the assassination. They opine the pertinence and importance to the assassination outweigh any current harm to the individuals or the FBI's/United States Government's foreign relations, informants or operational aspects.

(U) The JFKTF will continue to advise CID, NSD and OGC of the ARRB decisions. However, due to the narrowed scope of appeal issues, NSD and CID recommendations will only be sought for significant matters, none of which are documented in this memorandum. If you have questions, please contact Barbara L. Hatch at extension 9482, Carol L. Keeley at extension 9494, or Carl Valentine at extension 9476.
