 RELEASE OF CIA INFORMATION
 IN THIS DOCUMENT

Reference is made to my memorandum dated October 20, 1960, advising that Central Intelligence Agency (CIA) had been given access to material which had been taken out of the Cuban Consulate, Miami, Florida, by unidentified exiles. The material was made available to CIA for photographing by Antonio Verona of the Frente Revolucionario Democratico. Verona indicated to CIA that he obtained documents from one of his Cuban sources. (S)(u)

There are enclosed herewith two boxes containing photographic copies of the material which had been made available to CIA. These enclosures were furnished to the Liaison Agent on October 20, 1960, by S. H. Horton, CIA. It is his understanding that another package of photographs is being transmitted to CIA Headquarters by the Agency's representative in Miami. (S)(u)

Horton advised that contrary to his earlier understanding, material was not disseminated to our Miami Office because the CIA representative felt it was necessary to handle dissemination at Headquarters bearing in mind that some of the documents are of a communications intelligence nature. Horton further stated that photographic copies of the material are being made available to the National Security Agency. (S)

SJP:bas ACTION: The above information is being directed to the attention of the Nationalities Intelligence Section.
