Subject: Interns' last day
Friday is the interns' last day with us. I will be buying them a pizza and soda lunch Friday around 12:30 or so. Anyone else who wishes to contribute, especially those who had a project done for them by the interns, is welcome to do so. Then, of course, you are all welcome (invited?) to come out into the public room at that time to join me in saying good bye and good luck and thank you to them.
