Subject: Main door

Body: Please use caution when leaving the office tonight, and when you come in Monday morning. The handle that is outside the main glass door is broken. Also note, when you use your swipe card the door will click, but when you go to turn the handle to let yourself in, the handle will come out. Which means you will be locked out if Janice is away from her desk. Please open the door gently until the engineers come Monday morning. thanks.
