Subject: Copies of confirmation hearing transcripts for Board; copies of other hearings
Valerie has learned that we can order extra copies of the Board's confirmation hearings at \$2.75 apiece. I suggest that, since the Board may not be meeting here this week, we send a fax to each Board member asking if they'd like extra copies, informing them of the price (they'll have to reimburse us), and offering to do one bulk order for all of them. We can send the copies to them along with other materials the next time we do a mailing. Valerie's also learned that the legislative hearings from 1992 are all out of print. It may be a good idea to make a duplicate photocopied set of the hearings for the file/library use, as we have only one complete set on site. Perhaps Eileen could take this on as an initial project.
