Subject: Informant issues
I would like to meet at your earliest convenience to decide whether we can put together briefing materials for the next Board meeting on the topic of informants (in addition to privacy matters). We already have three memoranda on informant issues: the FBI's, Sheryl's, and Phil's. I have now reviewed a substantial number of documents in the FBI's Ruby file. I think that if Sheryl, Phil, and I devote some effort to the matter, we could prepare the necessary materials. With respect to FBI documents, the single most important issue is informants. Because so many of the FBI documents raise the informant issue, it will be valuable to get decisions from the Board as soon as we can. The Board is already generally aware of informant issues. Even if the Board is not able to make informant decisions at the next meeting, it will be useful for us to have a sense of how they feel about the issue.
