**Subject:** Media database and New windows rollout

David can Eileen have access to the media database. Also I am almost ready to roll out the new windows version. I still need to add Excel and the Flying toasters. One week from now I have spring break and will be able to work in the daylight for Mon Tues and Weds. So here is my plan if you approve. Have Training on the new system this friday. Install in on all machines friday night. Come in Monday, Tues. and Wed at 1pm to hold hands and correct bugs, Friday have advanced training on Lotus notes. It would be great if you, tracy and I could meet and discuss formatting issues so I can put them into WP6.1 before I roll it out. Thanks
