Subject: Board meeting minutes

Body: This is a belated thanks for the great job you did on the minutes of the early March board meeting. They look fine, and we'll add them to the file as is. Do you have your notes from the privacy portion of the meeting? I'd like to take a look at them to refresh my memory on the part of the meeting that inadvertently did not get recorded, in order to prepare a summary memo for the board for next week. Thanks!
