Subject: Just checking

I don't recall, among those papers I signed at GSA on my first day of work, anything about FERS, retirement, or the Thrift Savings Plan. I previously was on Thrift, have maintained my account, and would like to reactivate it on the previous basis--that is, maximum employee deduction earning a maximum Government match, with 60% of my contributions going to the C Fund and 40% to the F Fund. What do I need to do to make sure this starts as soon as possible? (If I signed something to this effect among all the other documents that morning, then please ignore this!)Also, I want to make sure that my year of Government service prior to my 8 years at the Agency is brought forward on my record. This goes back a ways, but every bit counts! I worked at the Council on Environmental Quality from March 9, 1970 to January 29, 1971. Added to my CIA service, this amounts to almost 9 years of Government service.Thanks so much!
