Subject: New Orleans Area Telephone Books
I have approval from David to order telephone directories for New Orleans and the surrounding parish (county.) You may order this from the local telephone company, (202) 954-6263. In case you need it the area code for New Orleans is 504. Let's start with the White pages and the Yellow pages for New Orleans proper. Please ask what other directories are available for the area around New Orleans (in case I need them later.) Also get pricing on these other directories. You may be able to get a government rate on this purchase, or you may even be able to get the directories for no charge (shipping only) if you can convince them of our need for the books for a government purpose. I'd like to get these ASAP without incurring special rush shipping charges, etc.Thanks!
