Subject: Creds and Cards

This should be very easy to accomplish and I'd like to help you with it. I realize there are issues about a logo and all that good stuff, but we don't need to worry about that now. What I need for the near future (and we can always change it after we get the logo) is a laminated card which I can put in a holder. The card needs to have my name, my photo, the ARRB name and address our statutory authority. (44 UCS section 2107.) and David's name, title and signature. We should be able to do this quickly and in-expensively at a photo id shop (there are several in this area. I've photocopied the yellow pages and put them on your desk in case you want to price/comparison shop etc.) Regarding business cards, all I need once again is the ARRB name, address, phone and my name and position. If we need to get fancier later when we get a logo we can deal with that then. In the meantime is there a printer in our neighborhood where I can go with our letter head so I can get the cards made? Thanks for your feedback, etc.
