**Subject:** Board Hearings file

This is to follow up on our conversation earlier. David asked me to have you create a Board Hearings file in the 2.2.? file (I guess you know what this means.) He said he wants to keep all the information on identifying and locating hearing witnesses in it. Tom and Jeremy have been working on this also but I have no idea what they might have in writing or on the computer to give you. David asked me to provide you with all of my investigative contacts and tracking information which I will do by printing out a hard copy of the same as soon as I complete some edits to the same I'm working on now. (hopefully I'll have this to you by Monday.)
