**Subject:** CIA/FBI information from Gus Russo

**Body:** Gus gave me three letters/memos from Harold Weisberg to Jim Lesar and Bud Fensterwald concerning Mexico City station information and Mexico City Legat files. The letters are of limited value but do contain some FBI file numbers which may be of assistance especially to the FBI team. I'll put the three letters on your desk, Jeremy. Russo did not have any independent information to add but thought the Mexico City aspect would be of interest. I will not be taking any investigative action on these items, unless asked to do so, as they concern federal records. I'll also give you a printout of my interview report with Russo where he mentions these docs.
