Subject: Request to CIA for Information

Body: CALL REPORTDocument's Author: Mary McAuliffe/ARRB Date Created: 05/24/95 The Players Who initiated the call? Review Board's representative in the call: Mary McAuliffeCIA's representative in the call: Barry HarrelsonDescription of the Call Date: 05/24/95Subject: Request for InformationSummary of the Call:(Follow-up of phone call from Barry to David). As you know, since some of our requests on behalf of the Board go beyond the information in HRG's files, and will involve tasking the components, HRG would like these to come in the form of a memo from David to John Pereira. Barry will send the sheet of requests back with Michelle tomorrow indicating which of these HRG is unable to answer without this formal tasking. Basically, these involve the "where are they now" question for all individuals on the list as well as any additional information requested about agents whose crypts appear in the documents concerned. For future requests, Barry would prefer that we separate out informal from formal requests--that is, requests that HRG can handle from information at hand (informal requests), and requests that it must farm out to the components through the focal points (formal requests). He says he thinks we'll learn pretty quickly which fall into which category, and our willingness to follow this format will make it easier on them. Don't forget to compose individual Action Item documents for any action items that resulted from the call!
