Subject: Frank Menna

Body: I asked Frank whether he would be interested in working on the Privacy Act and he said that he would. I asked Phil what Frank was doing at the FBI and Phil said that this would be a good time to have Frank do some legal research because Hoover's O&C files are not available in the FBI reading room.I briefly explained to Frank the nature of our concerns about the Privacy Act and its potential impact on the FOIA regulations we will be issuing. I gave him a copy of the Act and asked him to take a look at it today, but I told him I would have to check with you before I could officially assign the project to him. What do you think?
