Subject: Alarming message about stairwell

Body: Although I have not had the privilege of setting off the alarm, I have noticed two things about it that someone may wish to bring to Woody's attention. First, it frequently goes off before 6:00 p.m. --meaning that their system is not consistent. Second, they have not accurately posted the hours on the doors. As I recall, there is no a.m. posting. They should post clearly on the doors the actual hours that the stairways can be used.
