Subject: Projects for Interns
Per our earlier conversations it would be very helpful to the investigative function if one of the summer interns could: 1)read all of the public hearing transcripts to identify and mark any reference to assassination records or sources of records in non-federal agency locations. This will allow me to identify and locate those records more quickly.2) read Laura's charts of public/researcher letters for investigative leads in the non-federal sector, again to make my investigative work more efficient.Let me know how you want to assign these projects. thanks for the help!
