Subject: Dr. John Nichols

Body: See the attached letter from HSCA files. Dr. Nichols was a prosecution witness at the Shaw trial and published a paper (which I've not read) on Gov. Connolly's wounds in the Maryland State Medical Journal. Andy Purdy's letter suggests Dr. Nichols has materials/reports which may possibly belong in the collection. From a quick database search, it looks as Nichols has also been involved in some litigation to try and access autopsy materials, etc. For what it's worth (I'm not looking for these things, they just keep popping up...).
