Subject: Hill stuff
I need to get the employment records and the committee expense records for all Hill committees and panels which have done any investigative work on the JFK assassination, in order that I can get current addresses for all these people in order to send them a letter looking for assassination records they have. What is the best place to go on each side on the Hill to get these records. I also want to get the names of consultants for the same purpose. Can you think of any better records system other than expense disbursements for this purpose?
