**Subject:** Indiana project

**Body:** 1) I have nearly completed entering the final summaries that the students completed. The final total will be 271 summaries. I will spend tomorrow cleaning it up as need be. 2) If we ever decide to take on another group of this nature, I would like to volunteer to handle it from our end. I really enjoyed myself this week and I think that I would do a good job with other groups in the future. Thanks for the chance to do this.
