**Subject:** Los Angeles Police Department - assassination records

**Body:** In the course of reviewing HSCA documents for me Joe discovered the committee had contacted the LAPD to ask for certain files from the RFK investigation that might bear on JFK's assassination as well. Much of the requested information was in the organized crime area. Joe prepared a summary of what he found; I've placed a copy of the same in your in basket. You will note on page 2 of Joe's summary that the California State Archives has a microfilm of the LAPD case file. QUERY: is this something we should order for inclusion in the JFK Collection? If so, I'll prepare a letter for your signature, similar to the others we've sent.
