Subject: HSCA payroll records
I spoke to David. He said to make a handwritten list of names. I would like you to add to that list, to the extent available: last known address and telephone date of birth social security number pre-marriage surnames for female's where appropriate name of closest relative or emergency contact, if availableIf what you get are payroll records only, please ask the Archives staff if there is a different set of personnel records and how you can get access to those in order to get this information. thank you.
